

Certificate

Ms. Dunja Cvetkovic, born on 14.11.1992, worked in the Software Development department as a UI/UX Designer in our company from 01.10.2021 to 29.02.2024.

aquila biolabs GmbH is a German technology company that specializes in the development of intelligent sensors and intelligent sensors and innovative data analysis software for bioprocess applications. As a subsidiary of the life science provider Scientific Industries, Inc., aquila biolabs aims to eliminate the unknowns from bioprocess technology, thereby pioneering the digitalization of life sciences.

Ms. Dunja Cvetkovic worked as a UI/UX designer in the following areas, among others:

Creation of a design system for a web-based software

- Planning and development of a completely new design system as the basis for the front-end development of laboratory software
- Documentation of the design system using Figma

User experience optimization

- Conducting user interviews, user observations and discussions with end users to improve the user experience
- Creation of UI mocks, demos and wireframes as a basis for the implementation of improved workflows
- Close collaboration with the product owner for the purpose of requirement engineering

Improvement of the visual design

- Creation of icons, illustrations and other graphics
- Testing the front end incl. error reporting to software developers

Ms. Dunja Cvetkovic mastered the assigned tasks very confidently and successfully with her comprehensive and good specialist knowledge. She familiarized herself with the assigned tasks within a very short period of time and pursued the agreed objectives sustainably and with the greatest success.

Ms. Dunja Cvetkovic was extremely reliable and always demonstrated a working style characterized by very careful planning and a systematic approach. She always impressed with qualitatively and quantitatively excellent results.

Ms. Dunja Cvetkovic was always able to cope with the highest time pressure and workload. She always behaved in an exemplary manner towards superiors, employees and customers and contributed to excellent and efficient teamwork.

Ms. Dunja Cvetkovic has always performed all assigned tasks to our complete satisfaction. She is leaving our company on 29.02.2024 for operational reasons by mutual agreement. We would like to thank her for the good cooperation and wish her continued success and all the best for the future, both professionally and privately.

Baesweiler, 13.02.2024
